## ROUMANIANS IN TRANSYLVANIA FLEE TO HILLS

Near Rout from Attacks by Austrians—Allies Gain in Macedonia.

## DRAW IN DOBRUDJA.

### EUROPEAN WAR SUMMARY

Gen. Von Falkenhayn inflicts new defeat on Rumanians in Transylvania. Invaders retreat toward frontiers. Attacks by the Rumanians in Dobruja break down, Berlin says. Allies continue advance in Macedonia.

Both British and French make slight gains on Somme river front, despite bad weather and seas of mud.

Russians take more Teuton positions in drive on Lemberg, capital of Galicia; Germans repel Slav attack further north near Lutsk.

LONDON, Oct. 6.—Turning against the Rumanians, who had been attacking steadily in eastern Transylvania, Austro-Hungarian and German troops have defeated the invaders decisively along a fifty mile front.

North of Fogaras, at the juncture of the Hronor and Alt rivers, near Reps, the Rumanians are in retreat, pursued by the Teuton troops. North of Baps the Austro-Hungarians recaptured positions and took more than 200 prisoners.

Bucharest admits that the Rumanian troops in this sector have been withdrawn before attacks by superior force in the region of Fogaras.

FALKENHAYN AGAIN HERO. The successful repulse of the invaders on the southern end of the line was at the hands of Gen. von Falkenhayn, former chief of the German general staff, and who only last week routed the Rumanians around Hermannstadt and drove them back to their own frontier.

Despatches from Berlin indicate that the battle of Hermannstadt has had no parallel in the entire war for bitterness and ferocity of the fighting. It is said that four Rumanian divisions were almost wiped out. No mercy was asked or given. Elite regiments from Bucharest, officered by members of the Rumanian aristocracy, suffered frightful losses.

### RAID FOOLISH MOVE.

A daring raid across the Danube near Rastatt, in which it is estimated more than 12,000 Rumanians took part, is called by Germans "amateurish strategy." They express admiration for the daring of the scheme, but emphasize that it was attempted with no small force and without artillery.

It is assumed that Turktul was held by a small garrison of only a few companies, and that the Rumanians decided by a daring raid to attempt to retake it from the rear.

With their retreat cut off through the destruction of a pontoon by an Austrian monitor and attacked concentrically on all sides by Bulgarians, the situation was quickly hopeless for the Rumanians pressed against the Danube. Some escaped in small boats, many attempted to swim. Hundreds, it is reported, drowned. The bodies in the river were a fearful sight.

It is estimated by German sources that in a month of war the Rumanian army has lost 100,000, one-fifth of the force.

### WAGE BATTLE IN DOBRUDJA.

In Dobruja heavy fighting continues along the line south of the Constanta-Burgas railway. With B-shares retreating progress for the Rumanians and Bulgarians in the center and on their left side.

## Helen Morton's Police Dog Off Watch; Robbery

Mrs. Peabody Errs in Taking Guest and Hound to Movies.

## GET \$5,000 IN GEMS

Miss Helen Morton let slip a golden opportunity when, with Mrs. Stuyvesant Peabody, she led her police dog to a Hinesdale movie show. When they returned they found the Peabody mansion had been looted of \$5,000 worth of jewels.

Stuyvesant Peabody, son of Francis S. Peabody, and his wife are occupying the huge country house purchased from L. R. Freer at County Line and Sixth street, Hinesdale. Miss Morton, who two days ago was Mrs. Roger Bayly, is a guest in the house. On Thursday evening Mrs. Peabody and Miss Morton went to a movie show.

Dog Taken to Theater. Miss Morton, who had brought to Hinesdale her valuable German police dog, took him along on the walk to the theater. It was upon their return that the burglary was discovered. It had been committed so deftly that none of the five servants had heard the intruder.

A report was made to Chief of Police J. W. Nicholson of Hinesdale, who is of the belief that the robbery was an "inside job." Chief Nicholson discovered that a house servant was discharged about five months ago. This servant had access to Mrs. Peabody's room as a caretaker and knew the position of all valuables.

### List of Stolen Jewels.

These jewels were stolen:

None of the servants at present employed by the Peabody is suspected, and the Chicago police have been asked to aid in tracing the sale of the stolen jewelry to pawnbrokers.

## ROOSEVELT FUND OF \$40,000 PUZZLE FOR GOVERNMENT

Special Action by Congress Would Be Needed to Return Nobel Peace Prize.  
Washington, D. C., Oct. 6.—[Special.]—Having accepted, several years ago, \$40,000 from ex-President Roosevelt, the government finds itself in the unusual predicament of neither being able to use the money nor to give it back to the collector.

When President Roosevelt won the Nobel peace prize of \$40,000 he turned it over to a commission headed by Chief Justice White, which was to use the money to form a world peace movement. Now, however, since the fading of all hopes for world peace for some years, the commission believes that it has no use for the money and would like to give it back to the collector.

Interest to the amount of several thousand dollars has accrued since it was deposited in a Washington bank. But the commission finds that, since the government by act of congress accepted the money, it cannot now legally give it back to the collector.

The only method the commission believes that it can use to return the money to the donor.

## ARTIST ROBBED OF CANVAS

Sneak Thief Takes Painting Right Off Charles Francis Browne's Easel.  
Charles Francis Browne, the artist, knows now how a man may lose a bass drum or a bungalow. Mr. Browne was spending the day near Oregon, Ill., finishing a canvas.

Le was doing his work near Lorado Taft's statue of Blackhawk and stopped aside for a few moments. When he returned some one had stolen his canvas and left a bare easel. The canvas was about two feet by three and it is expected may be offered for sale. The police have been notified and a watch is being kept for the painting.

## POLICE SAVE I. W. W. CROWD DURING RIOT

Worshippers of Yom Kippur Outraged by Ben Reitman's Dance.

## STONE THE IMPIOUS.

Ben Reitman, anarchist mate of Emma Goldman, and a host of I. W. W. followers, were set upon by a group of persons who sympathized with devout Jewish worshippers of Yom Kippur last evening. Reitman's fire eaters were no match for the outraged worshippers.

After a short, sharp riot, in which Ben and his friends were roughly handled, they fled up the street, leaving the Jews to return to their worship in the four synagogues of the neighborhood to observe with fasting, and prayer the day of atonement, most solemn of Jewish holy days.

### HEAD WORKERS' INSTITUTE.

The riot took place near the Workers' Institute, 920 South Ashland avenue, a Jewish institution, from which the I. W. W.'s had been ejected because of the sacredness of the day.

Reitman and S. Gold, leaders of the I. W. W., attempted to address the crowd at Taylor street and Marshall field avenue. Gold mounted a chair and had launched into a speech when a shower of eggs and stones struck him. Reitman climbed upon the chair, but the crowd dragged him down. A detail of police from Maxwell street arrived in time to save the two orators.

### HALL RENTED FOR DANCE.

Two weeks ago local No. 85 of the I. W. W. rented the building occupied by the Workers' Institute for a dance to be held last night. The ghetto was scandalized by an advertisement of such an entertainment to be held on the night of Yom Kippur, when orthodox Jews abstain from food and drink and devote all their waking hours to prayers for forgiveness for the sins of the year.

The Jewish editors thundered in their papers every day against the sacrilege of the proposed merry-making on the solemn holiday. Rabbis besought the officials of the Workers' Institute not to permit the dance. The entire ghetto rose in protest and denounced the institute with threatening or entreaty letters.

### CRUSADE IN VAIN.

The crusade was futile. The Workers' Institute at a meeting at the west side auditorium, Taylor street and Racine avenue, on Wednesday decided to permit the I. W. W. to hold the dance.

When the fight seemed hopeless last night a delegation of rabbis and prominent Jews went to the city hall and conferred with City Sealer Morris Eller. Mr. Eller said their protest before Building Commissioner Charles Bestrom. An eleven-hour order went out from the building commissioner's office condemning the building owner's office condemning the building owner's office condemning the building owner's office.

### PEOPLE FILL STREETS.

Members of the I. W. W. arrived at the building at 8 o'clock. Already the street was filled with people, mostly Jews. Policemen stood guard on the front steps and turned the I. W. W. members back. Ben Reitman of the shaggy locks, arch anarchist, and who figured in a bar and feather episode in Los Angeles several years ago, distributed cards, which announced that the meeting and dance would be held at 2209 West Madison street.

For hours the crowd milled about the building. Many excited arguments occurred. A boy of 12 hit a large man in the face when he made a disparaging remark about the Jewish faith. Four or five men fought place.

The crowd thinned out and disappeared toward midnight. While worshippers prayed in the Ohave Sholem synagogue at Folk street and South Ashland avenue, a fire broke out in a residence near Dear. A woman at her prayers screamed "Fire." With commotion followed, but a fireman stopped the panic.

## Held for Ransom, Kills One Captor and Then Escapes

Posse Finds R. M. Perry, Oak Creek, Colo.—Hunt for Kidnapers.

## ARREST THREE MEN

Steamboat Springs, Colo., Oct. 6.—An attempt to secure \$15,000 ransom by kidnaping R. M. Perry, manager of the Moffat coal mine at Oak Creek, Wednesday night, was frustrated late today, when Perry, at an opportune moment, seized a revolver from one of his captors and shot him dead, according to J. C. Frye, sheriff, who with Perry and a posse are in pursuit of six or eight others implicated in the kidnaping.

One of the kidnapers was arrested and taken to jail at Steamboat Springs. He speaks English brokenly. His name is believed to be William Demore. The body of the dead man was brought here tonight. It has not been identified.

### Kills One Captor; Escapes.

While awaiting a reply from a demand for the ransom sent Perry's father, S. M. Perry, in Denver, the younger Perry was kept under guard in a cabin in Twenty Mile park, midway between Coal Creek and Steamboat Springs. According to reports here, Perry freed himself from the ropes with which he was tied, procured the revolver from his guard, and shot him.

Perry made his way to a ranch house from which he telephoned. The message was garbled, however, and its source could not be determined before communication failed.

### Posse Locates Kidnaped Man.

Sheriff J. C. Frye organized a posse and found Perry in Twenty Mile park. Perry, it was learned late tonight, is suffering from exposure. A physician was called to attend him in a cabin in the mountains where he was placed by members of the posse which found him. Two more arrests in connection with the case were made tonight when two foreigners were taken from a pool hall in Oak Creek.

### MOB RUNS "COPS" OUT OF KANSAS TOWN; WRECK JAIL

Resent Arrest of Citizens for Breaking Traffic Rules on Impassable Streets of Augusta.

Wichita, Kas., Oct. 6.—A mob of 1,000 citizens tonight ran Marshal Crowe and his three deputies out of the city of Augusta, an old town, twenty miles east of here, wrecked the city jail, and liberated six prisoners, held on petty charges.

The mob resented the arrest of several prominent citizens on charges of violating traffic ordinances. These citizens said the rough streets made it impossible to follow the ordinary rules of the road. It has been a common joke that the humps in the thoroughfares were of such size and frequency that they jarred out the tail lights of motor cars.

Tonight when William Peel, candidate for the legislature, rode down Main street on a white horse with a lantern held behind him, the mob delighted the crowd on the street, but angered the officers.

Peel's arrest caused a mob to form, which soon began to express its disapproval in threats and action followed.

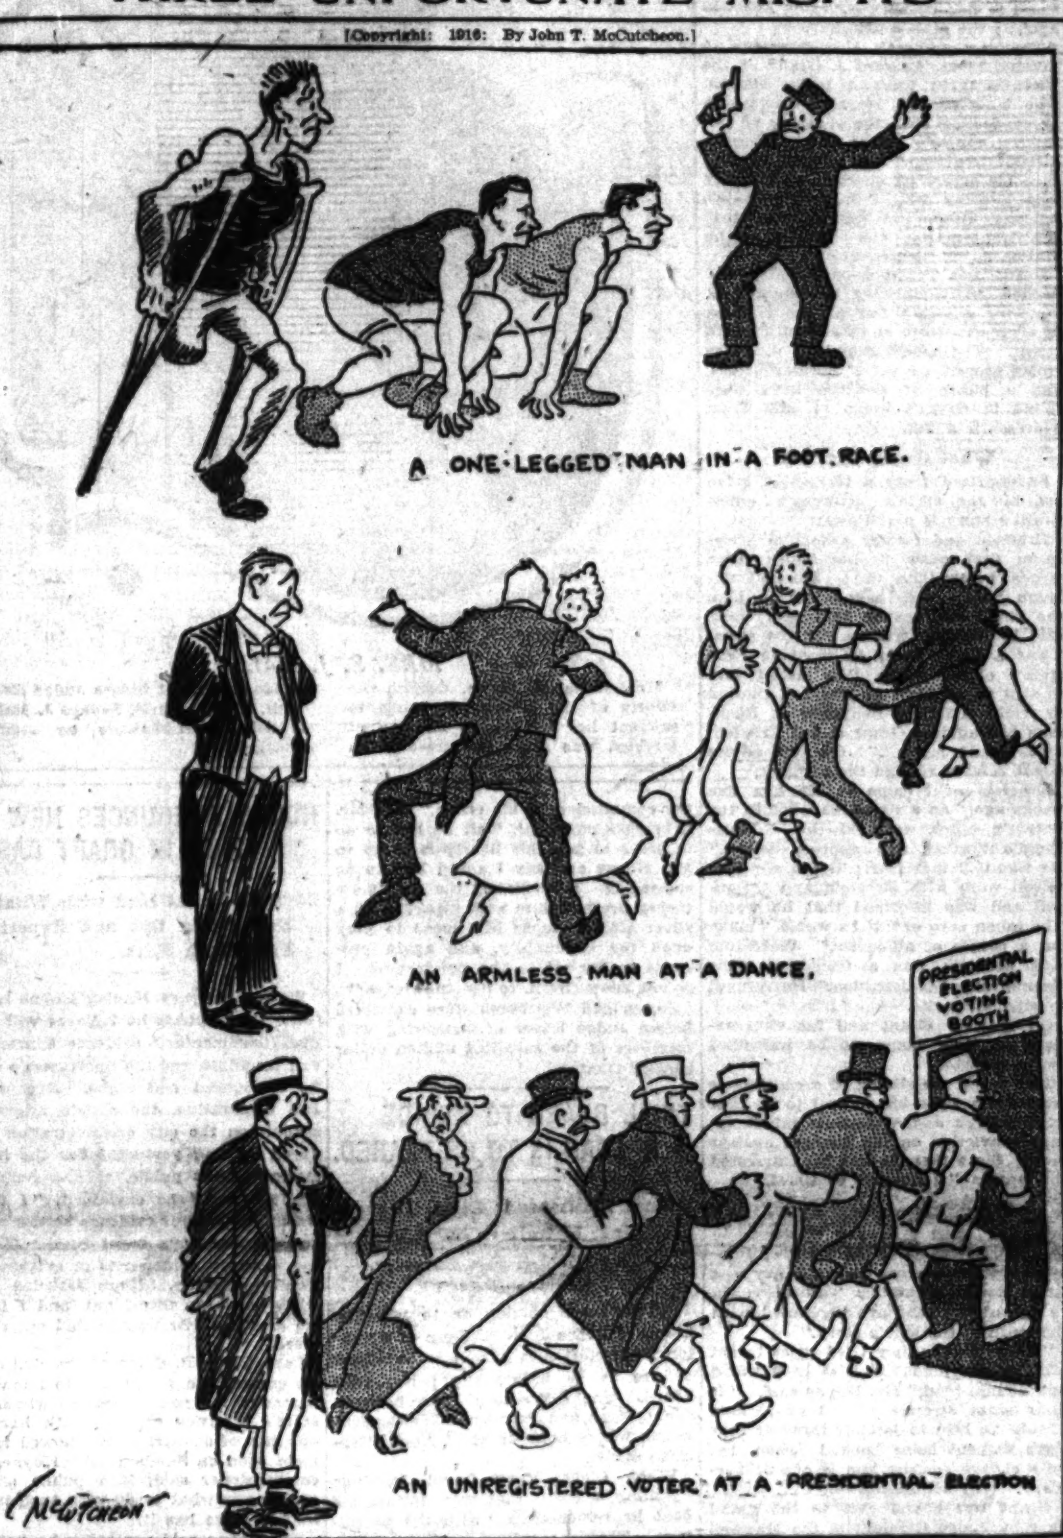

### STEAMERS COLLIDE IN FOG; ONE SENT TO THE BOTTOM.

British Vessel Hawkhead Sunk in Hampton Roads—No Loss of Life Reported.

Norfolk, Va., Oct. 6.—The British steamer Hawkhead, at anchor in Hampton Roads off Sewall's Point, was run down and sunk about 3 o'clock tonight by the Chesapeake Steamship company's steamer City of Norfolk, outward bound from this port for Baltimore with a number of passengers. The City of Norfolk was badly damaged about the bow, but there was no loss of life. The collision occurred during a heavy fog.

Capt. Hand and the crew of the Hawkhead were taken off by small boats lowered by the City of Norfolk, the river steamer Pocombe, and other craft. Most of the nearly 100 passengers on the City of Norfolk were at dinner when the crash came. There was great excitement for a few minutes, but the officers soon succeeded in restoring order.

## 'DEAD LAW' BARS BIG APARTMENT

Permit for \$800,000 Building Held Up by Never Used "Tenement" Act.

A "dead letter" law, a part of the city code since 1890, but which has never been applied before, caused the council building committee yesterday to prevent the erection of an \$800,000 apartment building at the southwest corner of Goethe and Stone streets.

The code says that "tenement houses" shall not be higher than one and one-half times the width of the street they face, if the building is set on the lot line.

### Bournequie Seeks Permit.

Eugene A. Bournequie applied for a permit to erect an apartment building 10 feet high. The apartments, he said, would rent for from \$6,000 to \$8,000 annually, and the building was to have been one of the best of its kind in the city.

Under the code, the height of the building in question, facing a sixty-six foot street, cannot be more than ninety-nine feet high.

### Fireproof and Sanitary.

"The building will be fireproof and far more sanitary than if it were ninety-nine feet high," said Mr. Bournequie. "If I build it according to the code I can't make it pay. Renters don't want apartments with squatty ceilings."

The building department admitted this and volunteered the information that the law in question had never applied before, but refused to recommend the issuance of a permit, so the committee by unanimous vote placed the petition on file.

## HENRY WOODRUFF IS DEAD; WELL KNOWN ON THE STAGE.

Actor, Often in Chicago, Succumbed in New York—Once Reported Engaged to Gould Heiress.

New York, Oct. 6.—[Special.]—Henry Woodruff, one of the best known figures of the American stage, died suddenly tonight after an illness of only a few hours. Harry Myatt Woodruff was the actor's full name. Mr. Woodruff, who was 47 years old, had been ailing all season, but was not thought to be in a serious condition.

Henry Woodruff was well known in Chicago, both as a visitor in many plays and as the star of the long Princess theater run of the musical piece, "The Prince of Tonight."

Woodruff found himself, about twenty-three years ago, a national celebrity by reason of his reported engagement to marry Anna Gould, who afterward became the Countess de Castellane, and is now the Princess de Sagan.

Woodruff left the stage and entered Harvard; and it was said that the Gould family not only made this possible, but agreed to withdraw all opposition to the marriage if the young people would wait until he completed the four years' course.

It was while Woodruff was still in the university that Anna Gould's engagement to Count Boni de Castellane was announced.

## TWO CAPTAINS' JOBS PERILED BY NEW ORDER

Vice and Gambling Exposures to Bring Drastic Action by Healey.

## SMITH FACES TRIAL

Chief of Police Healey will issue late this afternoon a big "shakeup" order intended to clean up again the old red light district and its environs. Two captains face suspension. A new man will be placed in command at Twenty-second street. Other captains will be transferred.

Capt. Joseph Smith of Twenty-second street will be ordered before the trial board on charges that he permitted open gambling at Daniel F. Kinnally's cigar store and that he tolerated the immoral saloons close by Mayor Thompson a week ago upon evidence gathered by the Committee of Fifteen. His written explanation of those conditions has been found unsatisfactory.

Capt. William P. O'Brien also is in trouble because he permitted the Beaux Arts club, a Negro organization, to sell liquor all night long in the old Pekin theater at Twenty-seventh and State streets. With only a state charter and a federal liquor permit, the "club" conducted an all night bar and cabaret.

### HEALEY'S RECORD SAVES HIM.

Capt. Stephen K. Healey of the Stanton avenue station escapes the axe because of his excellent record and because of doubt whether Kinnally operated his cigar store gambling in this district as openly as he told Judge Landis he had done in the Twenty-second street district, for which Capt. Smith is held responsible.

Chief Healey was convinced by the Landis report that Kinnally's place in Smith's district—23 East Eighteenth street—operated poker games openly with the knowledge of the police. He also was impressed with the rotten conditions in the same district uncovered by the Committee of Fifteen. These conditions were found in six of the old red light saloons—including such places as "Pollock Den," Seiler's and Ed Weber "Capitol," where open soliciting was found.

### SUCCESSOR IN DOUBT.

There is said to be some question about Smith's successor, the man who will have to hold the lid on the Stanton district. It is believed that one of the best captains in the department will get the assignment. Among those mentioned are Capt. W. W. Oudmore, Capt. James Gleason, former chief; Capt. William P. Russell, and Capt. Nothwehr.

In making drastic action against Capt. O'Brien at Cottage Grove station, a difficult district, immediately south of the old red light section, Chief Healey will emphasize more than ever before his principle that each captain is responsible for his district.

### STINGING LETTER TO CAPTAIN.

In discussing the career of the Beaux Arts club yesterday the chief condemned O'Brien for not raiding the place as a disorderly house. What the captain did was to report the place for selling liquor without a license and to ask whether he should proceed further. The chief forwarded the report to City Prosecutor Miller so that suit could be started, and on Thursday he sent Capt. O'Brien a stinging letter telling him to perform his duty.

"I desire," read the letter, "to call your attention to section 1 of rule 2 of the book of rules and regulations, stating that captains shall have general charge and control in their respective districts and shall strictly enforce all orders, rules, and regulations of the department, and the city ordinances and laws of the state coming within police jurisdiction within their respective districts."

### HOLDS HIM RESPONSIBLE.

"You, as captain of the Fourth District, are charged with the responsibility of the preservation of peace, the maintenance of order, and the enforcement of all laws and ordinances. If there are any violations of laws or ordinances at the Beaux Arts club or any other place in your district it is your duty to use every legal means at your command to

## DENIES ENTENTE WILL CRIPPLE NEUTRAL TRADE

**Lord Robert Cecil Says Amer-  
ica Has No Grounds to Fear  
Result After the War.**

**EDINBURGH, Oct. 6.**—The comment in the British States concerning the possible effect of the commercial measures contemplated by the recent Paris economic conference led Lord Robert Cecil, minister of war-trade, to declare today that wrong conclusions had been drawn from them, especially with regard to any attempt to exclude or discriminate against the trade of the United States after the war.

"Our relations with the new world will always be of vast importance to us," Lord Robert said today, "and they take a leading place in our plans. In answer to the great anxiety circulated, I want to say that while we are planning our measures for peace now, we shall never try to use any of our belligerent measures to enable us to replace neutral by British trade or to impose the commercial enterprises of neutral nations."

**Matter of Common Sense.**  
Lord Robert did not mention the black list, but unquestionably he had it in mind.

"What one of the districts devastated during the war would wish to lose the opportunity to take advantage of American enterprise and capital," asked Lord Robert. "Suppose, for instance, no question of friendship were involved. Then it would itself be a question of plain common sense business," he added.

Articles in American newspapers that had been called to his attention, said Lord Robert, seemed to take the ground that if the Paris measures were carried out they would discriminate against all nonneutral allied trade, and which would force the United States into potential trade relations with Germany or into trouble with Great Britain.

"All these forecasts," he said, "are examples of the tendency to draw simple conclusions from perfectly simple provisions."

**British Resources Ready.**  
"Of course those among the allies

## ONE YEAR AGO TODAY IN THE EUROPEAN WAR

Russians turned on Germans and stopped drive toward Dvinsk. M. Zaitsev became premier in Greece.

Russian cruisers bombarded Bulgarian port of Varna. Greece's protest to entente powers against landing at Saloniki was made public. Bulgaria rejected Russian demands and sent ultimatum to Serbia demanding immediate cessation of Macedonian controversy.

## TWO YEARS AGO TODAY

Germans on east Prussian frontier checked Russian advance. Canadian troops landed in England. Belgium government moved to Ostend.

who have suffered worst from the war will have the first call on resources of those who are richest and have suffered least. In practice this means that Belgium, northern France, Poland, and Serbia will have the first call on British capital, which has been the main financial strength of the allies and provided many of them with arms, ammunition and food, and which shall continue to be at their disposal in the work of reconstruction."

## No Act Against Sweden.

To the assertion of the Swedish premier that Great Britain is arbitrarily limiting the imports into Sweden Lord Robert said that Great Britain always has been and now is ready to enter into fresh negotiations for a trade agreement with Sweden, in which case allowances will be made for all of Sweden's requirements, which he admitted, are greater now than before the war, owing to the development of its industries. The minister of war-trade declared incidentally that the British blockade violates no rule of law of equity.

After saying that he was glad to read the premier's statement that Sweden's actions had been dictated solely by that kingdom's own necessities and future welfare, and not for any partisan reasons, Lord Robert said:

"We are fighting this war to vindicate the rights of all nations, to develop themselves freely and unhindered by the menace of military aggression. We ask no favors from neutrals. But we do ask that they should not hinder our belligerent rights in the life or death struggle which we and our allies are waging."

## RUSSIANS PUSH ON TO LEMBERG; HELD IN NORTH

**Slavs Seize Teuton Positions  
Near Brzezany—Attacks  
Near Lutsk Fail.**

**PETROGRAD, Oct. 6.**—Russian troops have made headway on the Galician front in their campaign for Lemberg, according to today's war announcement, capturing Austro-German positions in the district south of Brzezany, south-east of the Galician capital. Counterattacks are holding up the Russian advance along the line to the north. The statement reads:

In the direction of Khotyn, forty miles east of Lemberg, in the region of Papiet, south of Brody, Gukavica, and Strykova, fierce battles are proceeding. The enemy is obstinately resisting our offensive by making counterattacks. We took prisoner fifteen officers, two surgeons, and 200 men.

In the region south of Brzezany our troops captured some enemy positions and afterwards repelled several counterattacks by Germano-Turkish troops.

**German Official Statement.**  
**BERLIN, Oct. 6.**—The fierce Russian assault on the German lines in Volhynia west of Lutsk has died down, says today's war office announcement. On the front northeast of Lemberg, however, the Russians are more active. The communication follows:

Army group of Prince Leopold-On the front west of Lutsk yesterday the exhausted enemy was quiet. In this region we have captured in the last few days six officers, 200 men, and eight machine guns.

Between the Brody and the Zborov railway lines leading to Lemberg there was a revival of activity. After a strong preparatory fire the enemy made repeated and powerful attacks near Wysocko, Dubie, and Zarlow. The attack broke down under our fire.

Army group of Gen. von Boehmer-The Russians resumed fighting on both sides of the Zvota Lipa (south-east of Lemberg). German, Austro-Hungarian, and Turkish troops, by their stubborn resistance on every occasion, broke the frequent storming attacks. The enemy penetrated our lines at isolated points, but was driven back at once.

## IRELAND HOLDS HOMERULE FATE

**Redmond Says Only 'Insane  
Action' Can Defeat Na-  
tional Hope.**

**ULSTER IS DENOUNCED.**

**WATERFORD, Ireland, Oct. 6.**—In an address to his constituents here John Redmond, the Irish Nationalist leader in parliament, today said that despite the recent rebellion, "with all its inevitable brutalities, stupidities, and inflamed passions," home rule for Ireland is safe if Ireland remains sane.

Mr. Redmond also declared that conscription could never be forced upon Ireland, adding:

"I cannot bring myself to believe that, malign though the influences at work are, the government will be insane enough to challenge a conflict with Ireland on this subject. Conscription for Ireland, far from helping the army and the war, would be the most fatal thing that could happen. It would be regarded in every village in Ireland. Its attempted enforcement would be a scandal which would ring round the world. It would produce no additional man."

**Recruiting Goes On.**  
"The mere threat is paralyzing recruiting, which, mark you, is not dead, as some people say," he added. "The latest figures indeed show that from the date of the rising (Easter Sunday) until September 6,000 recruits were received."

"This demand for conscription is not a genuine military demand. It is a base political device put forward by men who want to injure and discredit Ireland's political future and revive, by any and every means, the blow between the two countries, in the wicked hope that when war is over the British people may tolerate some attempt to repeal the home rule act. But whatever the motive back of the proposal may be, it will never be carried through the house of commons as long as the Irish party remains, as it is today, united and entitled to speak for Ireland."

"The way to continue to get recruits is far different. Appraise the inflated feeling in Ireland. Withdraw martial law. Make it plain that the defense of the realm will be administered in the same spirit as it is administered in England, Scotland, and Wales. Treat prisoners arrested during the rising as political prisoners. Put an end to insults and attacks upon Ireland and recognize generally what she has done."

**Would Not Divide Ireland.**  
Mr. Redmond said it was absolutely false that he or his colleagues ever favored a scheme providing for a permanent division of the ancient nation. The Lloyd-George plan was definitely for

## SWAMP STEAMER STRATHAY WAS SUNK BY SUBMARINE.

**Crew of French Torpedo Boat Say  
U-Boat Fired Eight Shells and  
Torpedo—Americans on Board.**

**PARIS, Oct. 6.**—According to the commanding officer and men of a French torpedo boat, the British steamship Strathay, sunk on Sept. 2 while on its way from Newport News for Glasgow, was destroyed by a submarine. American citizens are said to have been on board the Strathay.

Evidence given by all the men on the torpedo boat is that a submarine fired eight shells at the Strathay in ten minutes and then sank it with a torpedo, after giving the crew fifteen minutes to abandon the vessel. It is said the torpedo boat put the submarine to flight and rescued the crew.

[The Overseas news agency of Berlin said on Sept. 30 it was able to announce on competent authority that the Strathay had not been attacked by a German submarine.]

## ITALIANS BATTER DOWN STRONG ENEMY POSITION.

**Some Reports Capture of Points on  
Slopes of Olma di Costabella in  
the Dolomite Alps.**

**ROME, Oct. 6.**—The capture by Italian troops of a strong Austrian position on the slopes of Olma di Costabella, in the Dolomite Alps, is announced by the war office today. The statement follows:

In the Travignola-Avisio valley we established a strong junction between our positions on the first and second summits of Colbrion. In the middle between the two peaks a large number of enemy dead was found.

Further north in the Pella-grino-Avisio valley a dashy attack by our Alpine troops resulted in their taking a strong reinforcement and enemy shelters on the slopes of Olma di Costabella. We captured 100 prisoners, a machine gun, rifles, and ammunition.

On the remainder of the front there were artillery actions, which were more intense on the Carso.

## WRIGHT PRESENTS BRITAIN WITH AEROPLANE PATENTS.

**Aviator Saves Government from  
Need of Litigation Over Right to  
Use Machines.**

**LONDON, Oct. 6.**—According to the newspaper Aeroplane, Orville Wright, the Dayton, O., aeroplane inventor, has presented his patents to the British government.

Great Britain in the early days of the war, says the newspaper, recognized the overwhelming influence of these patents on the future of the aeroplane and compromised a claim of \$10,000 by paying \$10,000 to cover all royalties under the Wright patents on naval and military aeroplanes. Mr. Wright never made any further claim for royalties.

On March 28 next the original British patents lapse and Mr. Wright, the newspaper declares, has decided not to renew them, and every manufacturer in the British empire will be free to manufacture the aeroplanes without the payment of any royalty.

## FIFTH GERMAN LOAN TAKEN.

**Berlin Says Subscriptions Are Being  
Made Faster than in Pre-  
vious Cases.**

**BERLIN, Oct. 6.**—via London.—Although no general summary of the subscriptions to the fifth war loan is yet available, the totals compiled in various cities and the amounts subscribed somewhat higher than the corresponding amounts of the fourth war loan.

## GREETING CARDS FOR CHRISTMAS AND NEW YEARS

It is decidedly to your advantage to place your order now. It is not a bit too early. We will make delivery when you desire and charge your account at that time. Do not postpone attending to this matter until you are forced to take what you can get because there is not sufficient time to procure what you really want. We are now ready to show you a splendid collection of both English and American cards but we would especially like to talk with you about individual cards—something that will be exclusively yours. We are making a specialty of these and they need not be expensive—just another reason for placing your order at once.

## The Last South Shore Property To Be Bought from the Subdividers

IS NOW OFFERED EXCLUSIVELY AT

## JEFFERY HIGHLANDS

THE greatest activity in real estate anywhere in Chicago is now being experienced in what is known as South Shore property. Watch the transfers, building permits and leases as recorded daily, and this statement of the situation will be fully corroborated. The reason is obvious—the district is confined within certain bounds that cannot be enlarged. There is just so much of it, and no more. Ninety per cent of all the lots have passed from subdivider to individual, and in no case can a lot be bought from present holders except at a big profit.

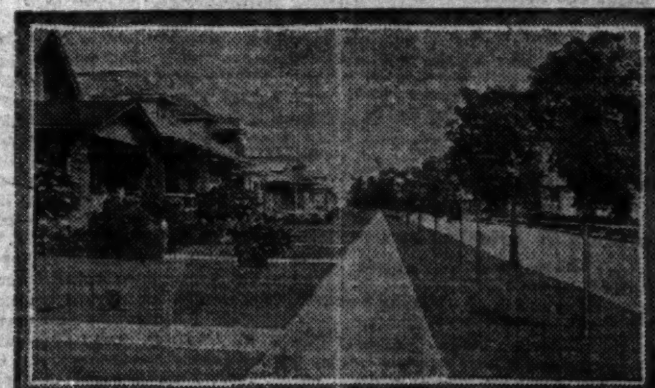

Jeffery Highlands is today the only piece of any consequence being offered by the subdividers at original prices—and those prices are merely nominal when compared to the price at which the greater part of the property in the district has been sold. There never again will be anything like it.

Not only are the prices extremely low, but the terms are such that anyone with an ambition to become an owner can easily buy at least one lot and just as easily pay for it. Think of such an opportunity—only \$10 cash and \$10 a month will buy a lot that positively will double in value before the time has expired in which you have to pay for it.

## NOTE THE PRICES:

**Residence Lots**  
30x125 Feet  
**\$495 TO \$595**

**Business Lots**

used to be with old wasteful methods. Easy to run the IDEAL Boiler with its automatic regulation. Coal-pile lasts 25% longer.

## A lifetime of lowest cost heating!

IDEAL Boilers will burn any hard coal, soft coal, screenings, lignite, wood, oil or gas, and will hold a coal fire without refueling from 16 to 24 hours in chilly weather. All doors are machined perfectly tight, thus producing perfect conditions for good draft and sensitive control. This prevents needless and wasteful burning of fuel. IDEAL heating can be put into any kind of a building—large or small, old or new, in city or country.

Phone, call or write today for free copy of valuable book, "Ideal Heating," fully illustrated, giving the whole story of the heat that costs least.

IDEAL Boilers will supply ample heat on one charging of coal for 16 to 24 hours, depending on severity of weather. Every ounce of fuel is turned to good use.

### Built-in, Vacuum Cleaner—iron suction pipe runs to each floor

We also make the ARCO VACUUM Cleaner, connected by an iron suction pipe to various floors of house, flat, school, church, hotel, etc. No dragging around a clumsy, inefficient, portable cleaner—instead, you have a practical outfit that is part of the building—like radiator heating. ## ROMANIANS IN TRANSYLVANIA FLEE TO HILLS

Mass Rout from Terrific Attacks by Austrians—Allies Gain in Macedonia.

(Continued from first page.)

**GERMAN WAR REPORT.** The German war report as received from the front today:

Transylvanian front—Yesterday the Romanians were defeated again. In the (German) sector Austro-Hungarian troops drove them out of their positions southwest of Libanava, recaptured attacks further south against Balazs and recaptured the positions on both sides of the Magyar-Puskas road, which were lost on Wednesday. More than 200 prisoners were brought in.

The allied (German) troops under command of Gen. von Falkenhayn, after successful engagements near Balazs, Kishalom and Kiralyhalom, pushed back the enemy over the Simer and Alt rivers. A stubbornly defended position in the Simer sector was stormed. Several hundred men were made prisoners and two heavy guns and twenty-eight field guns were captured. The enemy is retreating through the Gelter forest and is being pursued.

**Many Romanians Lost.** Army group of Field Marshal von Mackensen—Reports which have come to hand after some delay state that only a portion of the Romanians which crossed the Danube near Babovo succeeded in gaining the northern bank of the river, while the remainder fled in an easterly direction toward allied (German) troops marching from Turtukai and were completely defeated.

Repeated enemy attacks yesterday east of the Cane Orman Cobadin railway again failed.

**Macedonian front.** During the night of Wednesday Bulgarian troops on the east bank of the Struma evacuated some of the most remote villages without disturbance from the enemy.

**British War Report.** The British war report says:

On the Somme front yesterday and on the preceding night the enemy showed no activity. Our troops have now consolidated all the ground gained. The total number of prisoners captured in the last few operations now amounts to three officers and 180 men.

The morning air artillery commenced a bombardment of Neuveville, but after a short time the enemy was again evacuating the town, and it was occupied by us without loss.

**Bulgarian War Report.** BULGARIA, Oct. 6.—The war office today issued the following report on operations in the different Balkan theaters: Macedonia—Between Prespa Lake and the Vardar the situation is unchanged. At some points there was vigorous artillery activity. East of the Vardar there is quiet, and the situation at the foot of the Bologdina mountains is unchanged. Enemy artillery unsuccessfully shelled the station at Porog, but was soon silenced by our guns.

**Meckensen Repels Foe.** Romanian front—There is quiet along the Danube. The enemy landing operations near Babovo village were completely repelled. There is not a single Romanian soldier on our side of the river.

In the Dobruja all efforts of the enemy to advance toward our positions on the Karaboum-Sofia-Anatolia-Pervela line were frustrated by our counter-attacks. Several enemy night attacks also failed. On the remainder of the front there was vigorous artillery activity.

**Rumanian War Report.** BUCHAREST, Oct. 6.—no war office report gave out the following report: The enemy, having attacked with superior forces in the region of Ploesti and Yandou, our troops have been withdrawn somewhat. In the Cluj sector and in the Jiu valley engagements continue.

## WAR ACTIVITIES ON THE EUROPEAN BATTLEFIELDS

1—All Romanian attacks in the Dobruja theater of the Balkan war have been repelled, central powers' official reports say. The Romanians who invaded Bulgaria have been pressed back over the Danube or destroyed. A dispatch from Rome says the invasion was in the nature of a raid and was successful.

2—More defeats have been inflicted on the Romanians in the Transylvanian theater. The invaders have been forced back by the Austro-Germans almost to the border over which they swept immediately after entering the war. Ber-

lin reports that many strong positions have been taken by Gen. von Falkenhayn's army.

3—In the Macedonia theater the allied troops are slowly pressing the Bulgars back, particularly in the center. They are on the offensive from the Mediterranean sea to Moscow, pitched battles being of daily occurrence.

4—On the Italian front the operations are reported of minor nature. The mountainous character of this theater makes rapid advances by either side almost impossible. Rome reports success in the Dolomites sector and heavy ar-

illery attacks on the Carso plateau, which must be won before the Italians can continue their thrust on Trieste.

5—The Somme river campaign. Bad weather and mud delays operations, but the British report further advances northward of the village of Baucourt Abbey, in the direction of the German base at Bapaume. The French made a slight gain east of Baucourt in their campaign to reach Peronne, the important railroad and supply center for the German army.

6—Ypres, where the increased activity of the artillery indicates a possible attempt to revive the German offensive. The French positions on Ploeghe hill and Louve woods, to the east of the Meuse, are being pounded by the German guns.

7—The fighting on the Russian battle front is centered on the line from the Lutch-Korol region south through Galicia to the Carpathians. The Russians are making slow progress in their drive on Lemberg from the southeast and are within forty miles of the Galician capital. In the Lutch-Korol region the Russians are holding the Blues in check.

### GERMANS DECLARE "TANKS" PROVED COMPLETE FAILURE.

Overseas News Agency Says British "Land Squadron" Soon Will Be Composed of Wreckage.

BERLIN, Oct. 6.—(By Wireless to New York.)—The British armored motor cars are a failure, the Overseas News Agency says.

"One of the tanks, built in Norfolk, England, became hopelessly entangled in barbed wire," says the news agency. "Another tank was disabled by one shell while advancing at a point north of Fiers. The ammunition which it contained exploded and it burned up. Two other tanks were utilized in an attack at Y. m., on Sept. 16, on the Guillemont-Comblis road. One of them was blown up by a hand grenade when it had approached to within thirty yards of the German trenches. At the last moment, its occupants dispatched six machine guns from this modern Noah's ark. Six machine guns were captured by the Germans. The other tank crawled to the southern edge of Louse wood and was burned up."

"Only one of these land cruisers succeeded in crossing destroyed German trenches. This one was annihilated by a shell on the road to Ligny-Thilloy. The British land fleet will soon be composed of nothing but wreckage."

### ROULETTE WHEEL ROLLS MERRILY AT PHI PSI BALL.

Even Prof. Neff Takes a Chance and Comes Away with a Big Roll, but It's All Fun with "Bigs Money."

Gambling ran wild at the Midway last night. At the Phi Kappa Psi fraternity house several hundreds of dollars changed hands at the roulette wheel, faro, and chuck-a-luck. Steve Hall drew a big crowd but did not hold the throne that did other gamblers because the prize was not so large. The fraternity was announcing its pledges and gave a big stag smoker for freshmen. A bar was run in connection with the sport.

Word got out around the campus that the Phi Psi house had been converted into a den of iniquity for the evening and that the faculty was not aware of the gambling.

Prof. Theodore Neff of the faculty, a member of the Phi Kappa Psi fraternity, was at the Quadrangle club. When he heard the report of the "big" stakes he hurried to the scene. At the door he met with resistance, but broke through and told the boys they must stop.

But Prof. Neff had never seen a roulette wheel. He was fascinated by the device and went to see how it worked. He won \$25 on the first spin and took another trial. Half an hour later the game came to a halt and Prof. Neff collected his winnings, \$700. It was stage money, the same as all the "stakes" in the games. He rolled up the wind of phony bills and went back to his book at the Quadrangle club, stopping first to get a drink of ginger ale at the imitation bar from a sophomore bartender.

### BERLIN ADDS TO DETAILS OF ROMANIAN ATROCITIES.

Charges That Invaders of Bulgaria Butchered and Attacked Populace and Fired Buildings.

BERLIN, Oct. 6.—By wireless to New York, N. Y.—A further report of alleged atrocities on the part of Romanian troops who crossed the Danube into Bulgaria recently is contained in the official statement given out in Sofia yesterday. The statement says:

Romanian troops butchered and attacked the population and set buildings on fire in the recently occupied villages. These are infamous deeds for a nation which pretends to be civilized.

[The foregoing was not contained in the Bulgarian official statement of Oct. 6 received by cable by New York.]

### NEUTRAL SHIP LOSS HIGH.

British Report Shows Heavy Damage Done to Innocent Shipping by "Enemy Mines."

LONDON, Oct. 6.—Further evidence of the heavy toll neutral shipping is paying in the world war is contained in a statement given out today by the British government showing that nineteen such vessels had been sunk "by enemy mines" between June 1 and Sept. 24. During the same period, says the statement, sixteen enemy merchant vessels also were sunk.

**HARDEN AGAIN IN TROUBLE.** Dis Zukunft Suppressed Because It Contained Article on "Horrible Side of War."

## ALLIES ADVANCE IN SEAS OF MUD ON SOMME FRONT

Both British and French Make Slight Gains Despite Handicap of the Weather.

LONDON, Oct. 6.—Bad weather, which had turned the Somme battle front into a sea of mud, is handicapping the operations of the allies, but two slight advances were reported today.

Northeast of Baucourt l'Abbaye the British troops made a further gain in their efforts to reach Bapaume, and east of Baucourt the French made further progress in the campaign for Peronne.

The official statement issued by the war office tonight said:

During the night there was considerable artillery activity on our front south of the Ancre. We advanced our position northeast of Baucourt l'Abbaye, and enemy working parties were successfully dealt with by our artillery.

**Paris War Statement.**

PARIS, Oct. 6.—The official report issued by the ministry of war tonight said:

There was a lively artillery duel on both sides of the Somme, but there was no infantry action except for a slight advance east of Bouchavesne. In the Woivre our heavy artillery effectively bombarded roads and military railway stations, where certain activity had been observed.

In the region of Verdun there was fairly great artillery activity on both sides. The enemy bombarded Poivre hill and Laufen wood. In the forest of Apremont our artillery dispersed a working party in Mullote wood.

**German Official Report.**

BERLIN, Oct. 6.—The official report by the general army headquarters, describing operations on the western front, says:

The artillery duel between the Ancre and the Somme continues stubbornly. In conjunction with three futile attacks made during the morning immediately east of the Ancre, there developed lively hand-to-hand encounters, which lasted until well into the evening.

Between Morval and Bouchavesne in the afternoon strong French forces advanced to the attack. Troops under Gen. von Emmell and von Carner, after stubborn hand-to-hand fighting, successfully repelled an attack between Frognicourt and Bouchavesne. Infantry regiments 136 and 138 especially distinguished themselves.

## WILSON TO MAKE APPEAL TODAY TO FREE LANCE VOTE

President, at Shadow Lawn, Will Plead His Case to Independents of Country.

On Board President's Special Train, Overland, O. Oct. 6.—President Wilson plans to make the second strictly political speech of his campaign at Shadow Lawn tomorrow afternoon before members of the Woodrow Wilson Independent League.

Arriving from Omaha, Neb., he will arrive at Long Branch at 10 o'clock tomorrow morning and at once begin preparations for receiving the more than 2,000 independents expected to attend the meeting. The president intends continuing the political argument begun at Shadow Lawn last Saturday before the Young Democratic voters.

**Relies on Independents.**  
He is known to believe that the coming election will be decided by independents, and therefore, tomorrow he will make an appeal to them. In addition to the independents, the meeting tomorrow will be attended by a group of Progressives led by Hugh Gordon Miller of New York.

The president will seek to show that because of his legislative achievements of the last three years the Democratic party more than the Republican party deserves the support of Progressives and independent voters.

The president is returning to Shadow Lawn convinced that he has a good chance of carrying several middle western states hitherto thought certainly Republican. Senator Walsh, in charge of Democratic western headquarters, assured him in Chicago today that the most encouraging reports are being received from all parts of the west.

**Land Choice of Board.**  
Telegrams were received by the president today praising his selection of Maj. Gen. Goethals, George Rublee, and E. E. Clarke as members of the new eight hour board. It was stated authoritatively that he chose Gen. Goethals because of his administrative ability and his acquaintance with railroad problems. Mr. Clarke because of his service on the interstate commerce commission and former connection with the railroad brotherhoods, and Mr. Rublee because of his belief that he has an analytical mind.

The train through Iowa, Illinois, Ohio, and Indiana today was made with few stops. Several times the president stepped to the rear platform of his private car, but his schedule had not been announced in advance and the crowds were small.

### TAFT SAYS 8 HOUR LAW CREATES FAVORED CLASS

Former President Assails Those Who Violate Statutes in Order to Obtain Votes.

Indianapolis, Ind., Oct. 6.—The eight hour law recently enacted by congress was attacked by William H. Taft tonight when he addressed thousands of persons at the Coliseum, discussing the development of constitutional government of the state.

Mr. Taft declared that the law forbids the formation of combinations for oppression. But, he said, there has developed in this country a tendency in high quarters to disregard constitutional limitations and to overlook certain classes of acts provided a political advantage could be gained. He regarded the eight hour law as such and said:

"This is the most noteworthy instance of a group whose labor was necessary that society may live, refusing to perform its function in the social machinery."

**Motorcyclists Injured.**  
Two men were severely injured last night when a motorcycle was struck by an automobile driven by Charles B. McMahon of 1121 North La Salle street, at West Twenty-second street and Shields avenue. The injured are Samuel J. Jurek, 3011 Shields avenue, and Michael Kerey, 2806 Westworth avenue.

## NUTSHELL POLITICS

Jottings on National, State, and Local Candidates and Events.

Three recounts of ballots cast in the recent primary were ordered by the courts yesterday. Representative John Dunne gets a recount in the Seventeenth senatorial district, former Ald. Frank McDermott in a given another chance against State Senator Al Gorman in the Fourth, and John A. Piotrowski will be given an opportunity to scan the ballots cast for Democratic nomination for board of equalization in the Eighth congressional district. He was defeated on the face of the returns by Bruno Mindak.

Prohibitionists will stage their big Chicago rally at the Third Presbyterian church, Ashland avenue and Madison street, tonight. Former Gov. J. Frank Hanly of Indiana, candidate for president; Dr. Ira D. Landrith of Tennessee, candidate for vice president, and John R. Golden, candidate for governor of Illinois, will be principal speakers.

The Rev. William Gray, a Negro minister, called up *THE TRIBUNE* last night to complain that Negroes are being discriminated against at Republican state headquarters. He said he went to the headquarters and was forced to ride up on the freight elevator, being informed the regular passenger elevator was not open to Negroes. "This is because," he said, "they are catering to that southern sentiment."

Former Secretary of Commerce and Labor Charles Nagel of St. Louis, was a visitor at western Republican headquarters. He told Manager Alvin T. Hart that the outlook for Republican success in Missouri in November is bright.

### POLITICAL NOTES BY WIRE

NEW YORK.—There will be eight Progressives among the presidential electors among the Republican state ticket. This number was chosen by the Republican state committee and is the full number asked by the Progressive leaders.

RENO, Nev.—Miss Anne Martin, national chairman of the Woman's party, left Reno for a trip through the state to get votes against President Wilson and the Democratic candidate for congress.

DUBUQUE, Ia.—E. H. Barker, Progressive candidate for governor of Iowa, announced he favored President Wilson for reelection. Barker stated that 90 per cent of the Iowa voting Progressives would vote for Wilson.

LOS ANGELES, Cal.—Unable to speak much above a whisper after the strain put on his voice but determined to carry on his campaign tour for President Wilson, United States Senator J. Hamilton Lewis of Illinois has gone to San Diego.

NEW YORK.—In a prepared speech entitled "The Truth About Mexico" Senator Taft of New Mexico at a Republican meeting denounced President Wilson's policy toward the neighboring republic. He declared that "every American who really knows anything of the true conditions in Mexico knows that Germany's abolition, despite Wilson's support, is tantamount to a fall."

PORTLAND, Ore.—Charles Warren Fairbanks, Republican nominee for vice president, wound up a tour of Oregon from south to north with an address before a huge crowd. He has gone to Seattle.

WASHINGTON, D. C.—The National Equal Rights League, in a convention attended by Negro delegates from twenty-five states, declared for Charles E. Hughes for president.

STEVENSFIELD, Ill.—The appeal in the case of Walter Evans and others against the city of Decatur, involving the right of women to vote at local option elections, was dismissed by the Supreme court. Decatur was voted dry territory at the election on April 4.

GRAND RAPIDS, Mich.—William Jennings Bryan made a plea for state-wide prohibition in Michigan before 6,000 persons.

Charged with Violating Dope Law.—O. T. McCartney, a druggist at 200 North Clark street, was arrested yesterday by government agents on a charge of selling drugs in violation of the anti-narcotic law. He was taken before Commissioner Lewis F. Mason and held under \$5,000 bonds.

## DUNNE CARRIES CHEERING VIEWS TO PRESIDENT

Wilson Told Illinois Is "Sure" for Democrats—Governor and Roger Confer.

Gov. Edward F. Dunne, after greeting President Wilson yesterday on his way east and informing him that Illinois will go Democratic in November,

hastened to the Hotel Sherman, where he and Roger C. Sullivan buried the hatchet again.

The governor, Mr. Sullivan, Attorney General Patrick J. Lacey, and William L. O'Connell, the governor's political manager, got their feet under the same table and agreed to lay together for this campaign at least.

Following this, the governor visited headquarters of the county committee, controlled by Sullivan leaders, and shook hands all around.

They then decided that both Dunne and Mr. Sullivan should be made conspicuous in the two big demonstrations next Monday night at the stockyard pavilion and the Second regiment armory, when the Democratic campaign in the middle west will be pushed off.

**Plans for Two Big Ballies.**  
James Dailey, chairman of the Sullivan committee, will be president at the pavilion meeting, at which United States Senator Olla James of Kentucky will be the chief orator. At the Second Regiment armory rally later in the evening Mr. Sullivan will be the chairman and will make a harmony plea, declaring success of the Democratic county ticket.

in which he is particularly interested, will depend somewhat on the getting together of the clans and forgetting factional troubles.

### Confer with President.

Gov. Dunne, Judge Clarence N. Goodwin, who has charge of arrangements for the Wilson meeting in Chicago on Oct. 19; Senator Walsh, in charge of the western headquarters; Henry M. Pindell of Peoria, and Rivers McKell of Peoria, the president's car when his train arrived at the Union station at 11:50 o'clock. They remained in consultation with the chief until his car was switched to the Pennsylvania train and pulled out at 12:40 o'clock. Mr. Pindell also told the president he would carry Illinois.

Mrs. Wilson, who didn't appear in public when the train passed through Chicago on the way west, came to the observation car platform and waved her hand at the crowd. She did not take kindly, however, to newspaper photographers, which led the president to remark that they could fire away at him, as he was a "hardened old sloner."

The president shook hands with the trainmen who piloted his train through from Omaha.

gusted to the president that he address a meeting of women on his visit here Oct. 19. He took it under advisement and if arrangements can be made he will try to make the meeting that afternoon before going to the stockyard rally.

The president also took under advisement an invitation from the Chicago Press club to be the newspaper men's guest some time during the day of Oct. 19.

### FEWER LIARS AND MORE VOTERS, SAYS MISS O'REILLY

"There'll be fewer liars and more voters as a result of the Scully ruling that women don't have to tell their ages at the polls," said Miss Mary O'Reilly at a meeting of the Women's Trade Union League interstate conference at the Schiller hotel yesterday.

Resolutions were adopted thanking George B. McClelland for his fight against telling his age at registration. Mrs. Raymond Robins addressed the delegates at a dinner at Hull house last night. The eight hour law will be discussed at today's session. The conference will close tomorrow with a mass meeting at Cohan's Grand opera house.

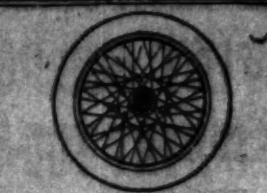

## TEST ILLINOIS CANDIDATES FOR CONGRESS ON SUFFRAGE

None Oppose Amendment, but Some Decline to Reply to Question—Others Noncommittal.

Washington, D. C., Oct. 6.—[Special.]—None of the candidates nominated for congress in Illinois is opposed to suffrage, according to a statement issued by the National Association for Women Suffrage here tonight, so far as reports received from the state indicate.

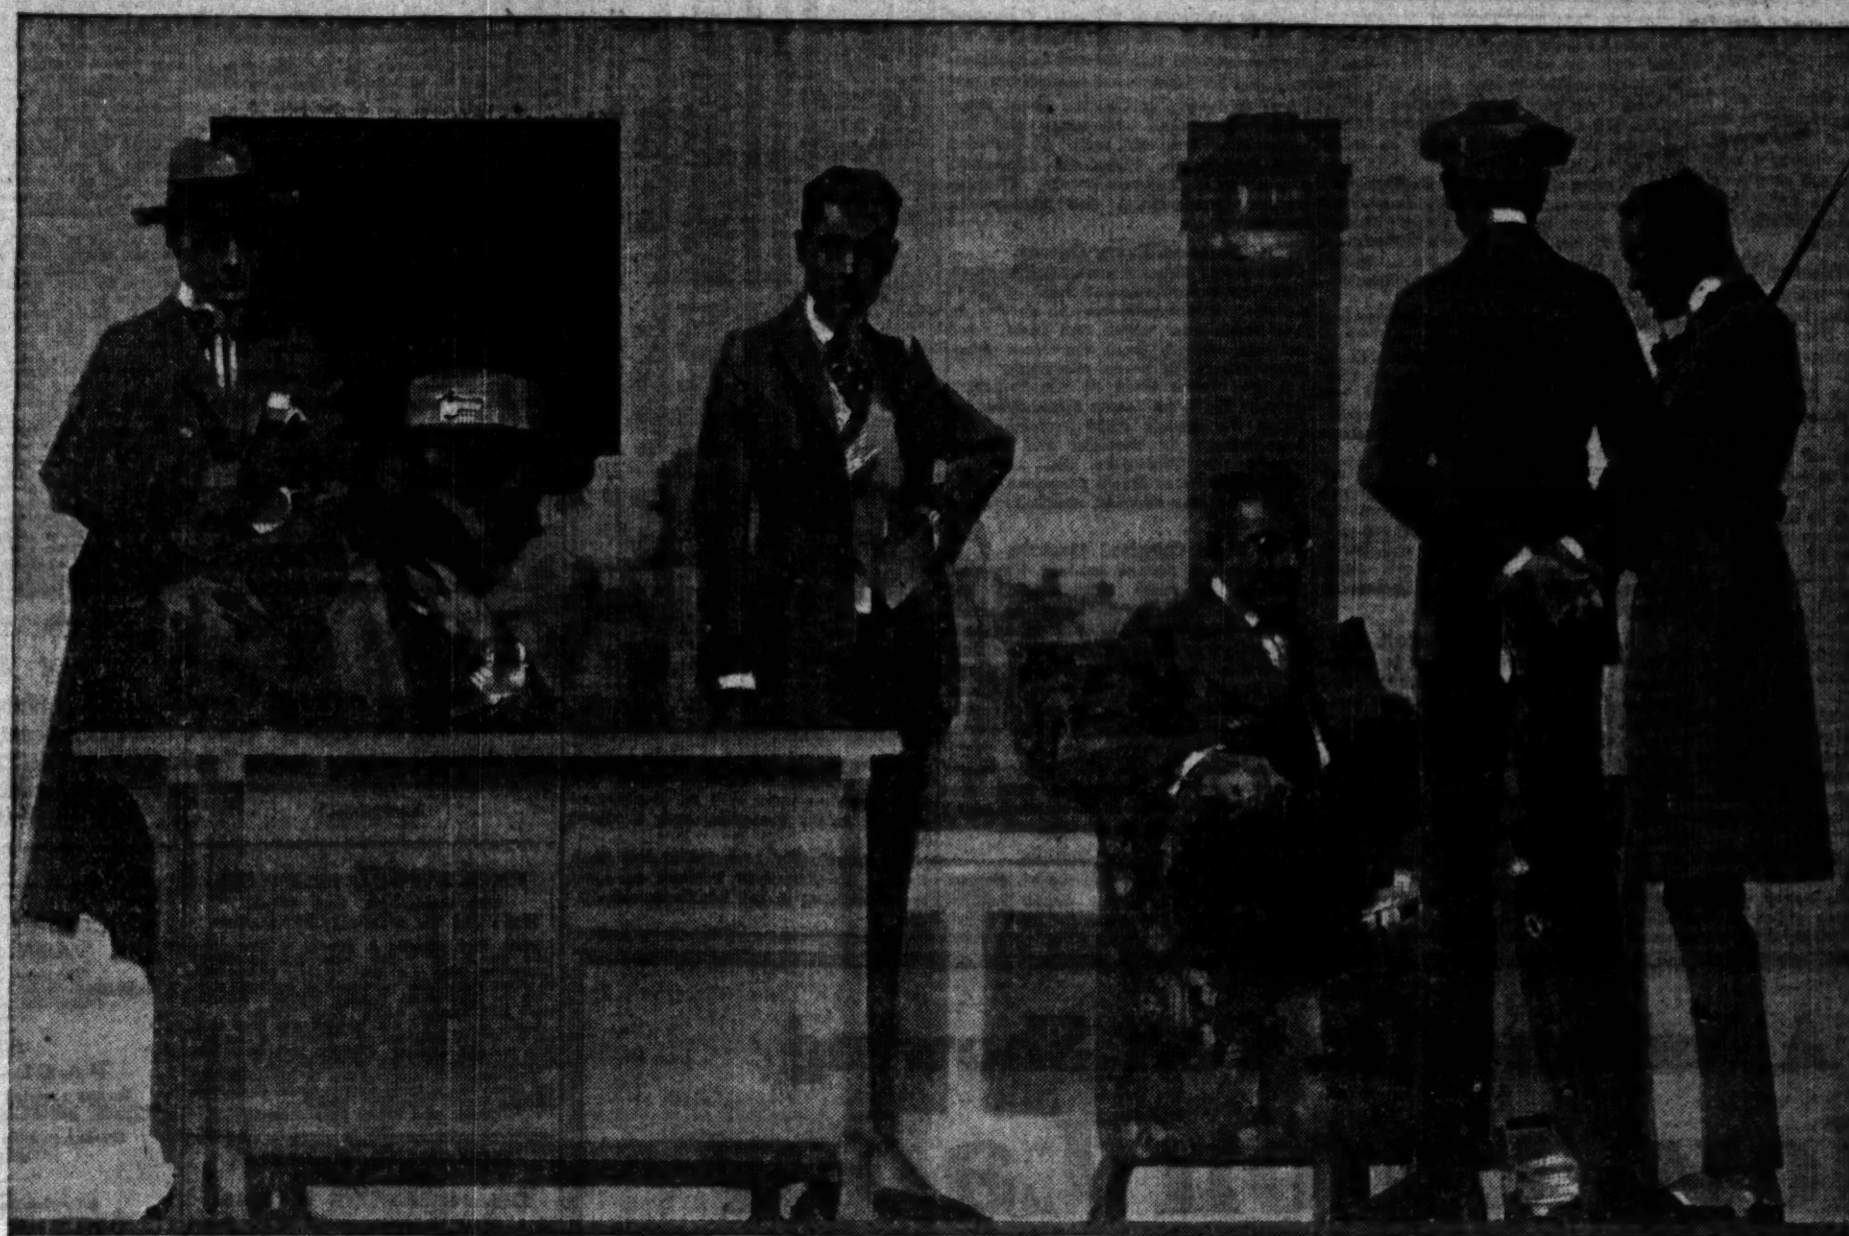

Several of the more prominent ones, including Congressman Mann and Madden of Chicago, declined to reply to the question put out by the suffragists. Others, including copy of the Eleventh and Grassum of the Fourteenth district, regarded themselves as noncommittal.

The question was sent to candidates throughout the country, as well as in Illinois. Out of 529 replies, 338 were favorable to suffrage and the federal amendment, 23 were unfavorable, and 58 were noncommittal.

## ALDERMEN SEEK LIGHT ON HUNT'S LAKE FRONT PLAN

Finance Committee Desires to  
Know Why Mayor Wants to  
Change Chicago Scheme.

The city council finance committee wants to know why Mayor Thompson considers it necessary to alter the Chicago plan for development of the lake front. The committee also proposes to learn how much the mayor intends to pay Jarvis Hunt, the architect, for drafting the "new comprehensive scheme."

The decision to obtain this information, if possible, was made yesterday in a discussion of Mayor Thompson's recommendations to council. In his message the mayor said he had retained Mr. Hunt to make plans for developing the lake front from the far north side to the far south side.

Civic Societies Get Busy.  
Since then civic organizations have expressed anxiety that the mayor may

interfere with the south shore project as recommended by the Chicago plan commission.  
If it appears Mr. Hunt is drafting an entirely new "dream" project for beautifying the lake shore, the committee may refuse to pay any of his bills.  
"Is he just going to draw pictures," asked Ald. Eugene Block, "or is he going to submit detailed plans, and if so, where is the money coming from to pay him?"

Women Back Col. Allen.  
Miss Mary McDowell appeared before the committee with a delegation of nine women from the Woman's City club to demand that an expert be kept at the head of the city's waste disposal bureau. The committee was considering a \$2,000,000 bond issue to provide for new garbage incinerators and garbage disposal equipment.

"We women will fight this bond issue from start to finish unless we are assured there will be an expert, such as Col. Henry A. Allen, at the head of the waste bureau," Miss McDowell said.

After discussing the proposed bond issue, the committee referred it to the efficiency staff with instructions to cut it down to \$1,000,000.

Public Defenders' Association Commends Prosecutor for His Co-operation.  
Commendation of State's Attorney Macley Hoyne for his cooperation with the Public Defenders' association of the Boy's court is voiced in resolutions sent by the organization, composed of 800 lawyers, to the prosecutor yesterday. Members of the association serve one day in turn in the Boy's court, defending youthful violators.

Sports Suit of Brown Heather Jersey.

## BY JEAN SEIVWRIGHT.

THE possibilities of wool jersey are according to some experts almost unlimited. That, of course, may seem a somewhat audacious statement, but there is no denying the fact that this fabric is ideal for the outing suit and sports dress. It is light in weight, but warm enough to insure comfort to the wearer when winds are cold, and as it does not wrinkle, it requires no pressing.

An attractive golf suit is pictured in the illustration. Originated in a violet and brown heather mixture jersey, it is hand-knitted with the rich tones of the autumn landscape. The top of the jacket is finished at the top with two pockets, similar in style to those shown on the jacket, and these are fastened with purple buttons. The jaunty hat is also fashioned from the wool jersey in a light shade. Sweaters gay in hue and developed in novel fabrics are hastily done with the

approach of cool weather. As if to add contrast their warmth giving qualities, many of the most effective are hand-knitted with ruffled sleeves, and hand-knitted with ruffled sleeves. The popularity of the sailor collar still remains. One of the newest styles is fashioned on sailor lines, but should the wearer desire it the collar may be closely wrapped about the neck without in any way detracting from the beauty of the garment.

Many of the most interesting sweaters are originated in two toned materials with solid color trimmings. For those who prefer more striking effects there are sweaters in checker and stripes. A clever idea is noted in another good looking sweater of pure worsted, which is ornamented with bands of heavily brushed trimmings. This gives the sweater a fur-trimmed effect. Many women prefer such models, as the knitted fabric gives with every movement, while the genuine pelt naturally remains quite firm. Such models are admirable for skating, and then, too, the wool trimmed sweaters cost far less than the model on which genuine fur is used.

## Says First Ward Can Be Cleaned Up

BY THE REV. W. B. NORTON.

BISHOP THOMAS NICHOLSON at the Rock River conference in the Olivet church yesterday pronounced as the statement that the first ward cannot be cleaned up, commercialized vice banished, and the movies purified and controlled.

"It is a slander and a lie," he said. "There was a time when you couldn't get a fiddle into a church. Twenty-five years ago a church in this conference was torn to pieces over the introduction of an organ into it. One of the chief means of saving Chicago is in sanctifying its music."

These were among the sentiments Bishop Nicholson expressed in addressing the class of young men about to become full members of the conference. "It is untrue," he continued, "that no minister can secure the pastorate of a good church or be elected a bishop without pulling. If you teach the devil's way, doing things is the only successful way, tomorrow you'll have people following the devil's way. Men who can't make good in the ministry on their own merits ought to get another job."

At a joint session of the laymen and ministers which lasted for two and a half hours a program to be followed by all the churches in the conference for the next year was outlined and will be reported on today. The program will cover evangelism, the support of downtown churches by those in residence districts, rural churches, world-wide missions.

"I have steadily believed for the last five years that laymen ought to be members of the annual conference," said Bishop Nicholson in addressing the joint body.

The conference adopted a resolution presented by the Rev. John Thompson to appoint a committee on state legislation and to request the other three Methodist conferences in the state to do the same, so "the voice of united Methodism might be heard on moral questions especially in reference to the liquor traffic."

At the meeting of the Laymen's association in the Garfield Park Baptist church the following officers were selected:

President, James O. MacIntyre, St. James church, Chicago; vice president, Henry H. Hall, Prospect; secretary, H. St. James, Oak Park; assistant secretary, O. S. Norton, Oak Park; treasurer, R. L. Wagner, Evanston; chairman, the president; Chicago southwestern, A. D. Morrison, Chicago southwestern; H. E. Williams, Evanston; Dixon, R. C. Van De Kump, Aurora; R. J. Brown, Downers Grove; Rockford, R. H. Trapp, Rockford.

## BRIGHT SAYINGS of the CHILDREN

"The Tribune" will pay \$1 for each childish saying printed. The only condition is the story told must never have been printed in any magazine or paper. Write on one side of the paper only. It is not possible to acknowledge or return valuable contributions. Address bright sayings to Auntie Bee, "Tribune," Chicago.

My niece was taken to the park recently to see the animals. She was much interested in watching them and asked what the lions were doing. "They are sleeping," she was told. She looked at them intently, when one of them moved his tail slightly. "O, look!" she exclaimed. "He is waking up at the tail!"

Oscar lived on a rural delivery route, and it was his chore to run to the mail box each morning after the mail carrier had been there. Twice during the last few months there had been news in the letters received.

Once, Oscar, instead of going for the mail when told, listened to play until his mother asked: "Why don't you go after the mail, as you were told?" "O," replied Oscar, evidently casting about in his mind for an excuse. "I was afraid you'd receive bad news."

My grandson's father had told him not to go into the chicken yard any more. In the evening he came home and found the little fellow in the chicken yard again. He said: "Raymond, I think I shall whip you for not minding me."

Raymond said: "O, papa, just don't give me any dinner for supper, and that will punish me just as much."

## Onwentsia Has Its Annual Powwow.

OFFERS at Onwentsia yesterday

were attended by a brass band in full Indian costume, with Hobart Chaffield-Taylor as drum major, and the dinner room presented the appearance of an Indian wigwam. In readiness for the men's seventh annual "Powwow" dinner. Mrs. Volney Foster gave a dinner at her home for a number of the women whose husbands were attending the "Powwow," in compliment to her guest, Mrs. Ellis Hoffman.

Marshall Field and Henry Field, who arrived in Lake Forest on Thursday, were among the guests yesterday afternoon.

Each day adds a new name to the debutants list. On the afternoon of Nov. 4 Mr. and Mrs. Owen B. Taft of 180 East Chestnut street will give a presentation tea for their daughter, Miss Florence S. Taft, at the Blackstone hotel.

Another debut announcement is that of Miss Elizabeth Otis Buckingham, daughter of John W. Buckingham and niece of Mrs. John E. Jenkins of 2925 Prairie avenue. Mrs. Jenkins will give a debut tea on Saturday, Dec. 2, at the Blackstone.

The date for the debut ball of Miss Edith Beely, daughter of Mrs. Charles Howard Beely of Hinsdale, has been changed from Dec. 9 to Dec. 8. It will be given in the gold ballroom of the Congress hotel.

Mrs. Robert Gray Peck, her son, Robert G. Peck Jr., and her father, Benjamin, have returned from a four weeks' fishing trip in the Wisconsin woods. Mrs. Peck will join Lieut. Robert Gray Peck in El Paso, Tex.

Mrs. Benjamin S. Terry of 5494 Hyde Park boulevard and her daughter, Miss Elizabeth Terry, will close their country home at Mason Lake, Wis., this week and return to town for the winter.

Mrs. and Mr. William Holabird of Evanston and Miss Agnes Foreman have left for Brownville, Tex., to visit Col. Milton J. Foreman and Capt. John Holabird of the First Illinois cavalry. Mr. and Mrs. John Gibbons Miller of 1236 North Dearborn street and their daughter, Miss Frances Miller, will close their home in Glencoe Oct. 15 and come to town for the winter.

The marriage of Miss Marion McCraith, daughter of Dr. and Mrs. S. L. McCraith of 311 Wesley avenue, Oak Park, to Robert Oliver Butts, son of Lucius Butts of River Forest, will take place at 4 o'clock this afternoon at the residence of the bride's parents. Only members of the two families will be present. After Dec. 1 Mr. and Mrs. Butts will be at home at 127 Keystone avenue, River Forest.

The marriage of Miss Anna Mackenzie Andrews, daughter of Mr. and Mrs. John Andrews of 3831 West Polk street, to William Alexander Lee, will take place this evening.

The marriage of Miss Mildred Crowen, daughter of Mr. and Mrs. Samuel N. Crowen of 25 Scott street, to Jack Winstanley Jones, will take place this evening in St. Chrysostom's church. Mrs. Victor Lee Husnagh will be matron of honor.

The marriage of Miss Elizabeth Huntington to L. Faxon Warren, son of Mr. and Mrs. William S. Warren of 50 Cedar street, will take place at 4 o'clock this afternoon at St. Peter's Episcopal church.

The marriage of Miss Caroline Palmer, daughter of Mr. and Mrs. Charles S. Palmer of 5006 Dorchester avenue, to Holden Wilson Jr., son of Mr. and Mrs. Charles E. Wilson of Cincinnati, O., will take place this afternoon at the residence of the bride's parents.

The marriage of Miss Dorothy Louise Lenham, daughter of Mr. and Mrs. Nathan L. Lenham of 1311 West Monroe street, to Lewis Clinton Davis will take place this evening.

Other returning wanderers of this winter will be the George Barr McOutbeens, on route for southern California. The McOutbeens will stop at a hotel and give some parties and go to other many of them presumably in honor of the approaching Shaw-McOutbeens marriage feast, for which the day is not yet set.

The McOutbeens have yielded up a very attractive New York apartment, placed in safety their fine collection of modern, Dutch palatial, and antique Italian furniture, and have cast them from the shackles of housekeeping.

They are at present in New York resting their eyes upon the form of William Fay, their son, recently returned from the Verdun front. This young man, who was brought up in Chicago, lived for some months under constant shell fire firing up the wounded and dying in the open, and driving an ambulance to and from the scene of the Verdun siege.

While the men in the trenches are comparatively safe, no man in the ambulance service is sheltered for a moment. Yet "Billy" Fay returned from France ruddy and strong and muscular in the splendid condition. Three months in a New York banking office have reduced the young hero to the pale and slender proportions of the average New York young man, who has been doing nothing more exciting than tango teaching.

But young Fay is living now with one end in view—going back, and when he goes back, which he says he must—it will be in the flying corps—and the flying corps doesn't mean a long life and a merry one.

First Engagement of Season at Radcliffe.

Boston, Mass., Oct. 6.—[Special.]—An announcement is made of the engagement of Miss Constance Bridges, Radcliffe '17, daughter of Mr. and Mrs. C. E. Bridges of Cambridge, and Owen Barton Jones, Harvard '16, of Chicago. Miss Bridges is the daughter of Mr. and Mrs. C. E. Bridges of Riverbank court, Cambridge, and the granddaughter of Gen. R. F. Bridges, who was formerly warden at the Charlestown state prison.

The couple will live in Chicago after their marriage, which will occur soon after Miss Bridges receives her degree from Radcliffe next June.

Lake Forest Country Fair Meeting.

A meeting of the officers and executive committee of the Lake Forest country fair was held on Thursday at the Onwentsia club. The results of the fair were very gratifying, officials say, and approximately the same amount of money as was distributed to charities in 1915 was again distributed this year.

The following officers were elected: Honorary president—H. C. Chaffield-Taylor, President—J. Allen Halton, Vice president—J. Ogden Armour, Hugh J. McGowan, Louis E. Laffin, Cyrus H. McCormick, Louis F. Swift, W. O. Lindsay, Chairman board of governors—Francis J. Johnson, Chairman executive committee—West C. Clow, Treasurer—Charles T. Atkinson, Assistant treasurer—W. F. Reed, Secretary—Alfred Hamill.

Mrs. Putkin Honored by the Eastern Star.

MORE than 500 members of the Order of the Eastern Star, from every state in the union, attended a reception in honor of Mrs. Loraine J. Putkin of Chicago at the Masonic temple yesterday afternoon and last evening.

The order is a woman's auxiliary of the Masonic fraternity, and the occasion was in celebration of the golden jubilee of Mrs. Putkin's connection with the order. She is the oldest living active member of the order in the world, and in honor of the event was presented with a purse of gold.

The reception was under the auspices of the Eastern Star Club of Illinois, which was organized at the Hotel La Salle in 1913 by Mrs. L. L. Funk of Chicago, the first woman's Masonic club in the world to be organized for social and fraternal purposes.

The marriage of Miss Marion McCraith, daughter of Dr. and Mrs. S. L. McCraith of 311 Wesley avenue, Oak Park, to Robert Oliver Butts, son of Lucius Butts of River Forest, will take place at 4 o'clock this afternoon at the residence of the bride's parents. Only members of the two families will be present. After Dec. 1 Mr. and Mrs. Butts will be at home at 127 Keystone avenue, River Forest.

The marriage of Miss Anna Mackenzie Andrews, daughter of Mr. and Mrs. John Andrews of 3831 West Polk street, to William Alexander Lee, will take place this evening.

The marriage of Miss Mildred Crowen, daughter of Mr. and Mrs. Samuel N. Crowen of 25 Scott street, to Jack Winstanley Jones, will take place this evening in St. Chrysostom's church. Mrs. Victor Lee Husnagh will be matron of honor.

The marriage of Miss Elizabeth Huntington to L. Faxon Warren, son of Mr. and Mrs. William S. Warren of 50 Cedar street, will take place at 4 o'clock this afternoon at St. Peter's Episcopal church.

The marriage of Miss Caroline Palmer, daughter of Mr. and Mrs. Charles S. Palmer of 5006 Dorchester avenue, to Holden Wilson Jr., son of Mr. and Mrs. Charles E. Wilson of Cincinnati, O., will take place this afternoon at the residence of the bride's parents.

The marriage of Miss Dorothy Louise Lenham, daughter of Mr. and Mrs. Nathan L. Lenham of 1311 West Monroe street, to Lewis Clinton Davis will take place this evening.

Other returning wanderers of this winter will be the George Barr McOutbeens, on route for southern California. The McOutbeens will stop at a hotel and give some parties and go to other many of them presumably in honor of the approaching Shaw-McOutbeens marriage feast, for which the day is not yet set.

The McOutbeens have yielded up a very attractive New York apartment, placed in safety their fine collection of modern, Dutch palatial, and antique Italian furniture, and have cast them from the shackles of housekeeping.

They are at present in New York resting their eyes upon the form of William Fay, their son, recently returned from the Verdun front. This young man, who was brought up in Chicago, lived for some months under constant shell fire firing up the wounded and dying in the open, and driving an ambulance to and from the scene of the Verdun siege.

While the men in the trenches are comparatively safe, no man in the ambulance service is sheltered for a moment. Yet "Billy" Fay returned from France ruddy and strong and muscular in the splendid condition. Three months in a New York banking office have reduced the young hero to the pale and slender proportions of the average New York young man, who has been doing nothing more exciting than tango teaching.

But young Fay is living now with one end in view—going back, and when he goes back, which he says he must—it will be in the flying corps—and the flying corps doesn't mean a long life and a merry one.

First Engagement of Season at Radcliffe.

Boston, Mass., Oct. 6.—[Special.]—An announcement is made of the engagement of Miss Constance Bridges, Radcliffe '17, daughter of Mr. and Mrs. C. E. Bridges of Cambridge, and Owen Barton Jones, Harvard '16, of Chicago. Miss Bridges is the daughter of Mr. and Mrs. C. E. Bridges of Riverbank court, Cambridge, and the granddaughter of Gen. R. F. Bridges, who was formerly warden at the Charlestown state prison.

The couple will live in Chicago after their marriage, which will occur soon after Miss Bridges receives her degree from Radcliffe next June.

Lake Forest Country Fair Meeting.

A meeting of the officers and executive committee of the Lake Forest country fair was held on Thursday at the Onwentsia club. The results of the fair were very gratifying, officials say, and approximately the same amount of money as was distributed to charities in 1915 was again distributed this year.

The following officers were elected: Honorary president—H. C. Chaffield-Taylor, President—J. Allen Halton, Vice president—J. Ogden Armour, Hugh J. McGowan, Louis E. Laffin, Cyrus H. McCormick, Louis F. Swift, W. O. Lindsay, Chairman board of governors—Francis J. Johnson, Chairman executive committee—West C. Clow, Treasurer—Charles T. Atkinson, Assistant treasurer—W. F. Reed, Secretary—Alfred Hamill.

Mrs. Putkin Honored by the Eastern Star.

MORE than 500 members of the Order of the Eastern Star, from every state in the union, attended a reception in honor of Mrs. Loraine J. Putkin of Chicago at the Masonic temple yesterday afternoon and last evening.

The order is a woman's auxiliary of the Masonic fraternity, and the occasion was in celebration of the golden jubilee of Mrs. Putkin's connection with the order. She is the oldest living active member of the order in the world, and in honor of the event was presented with a purse of gold.

The reception was under the auspices of the Eastern Star Club of Illinois, which was organized at the Hotel La Salle in 1913 by Mrs. L. L. Funk of Chicago, the first woman's Masonic club in the world to be organized for social and fraternal purposes.

# WHEAT DROPS ON PEACE RUMORS; CORN IS LOWER

Liquidation Heavy as Session  
Nears Close—Argentine  
Reports Variable.

Peace rumors proved the undoing of the wheat bulls yesterday and caused heavy selling and liquidation. Prices at the close were not far from low points of the day and showed losses of 3/4 to 1 1/2 for active months, compared with previous trading. July declined 3/4. The selling was led by several of the big private wire houses and became general toward the close. Basis for wheat was seen in the report of Ambassador Gentry to this country, although Washington has repeatedly denied his visit was anything save in the light of a vacation.

Other disturbing influences were reports from Argentina that the weather there is becoming unsettled, and Liverpool advice of a late decline of 3/4 in cargoes. All through the session longed showed a desire to take profits, but pressure did not become pronounced until the final hour. The decline in the privilege market gave indications of further selling today.

Export buying probably large. Export buying on the break is believed to have been large, but the seaboard reported no business, and it is said the allied governments heretofore have given out no reports on export purchases. Around 400,000 bu. was worked at Omaha and the Gulf. Local shipping sales were 20,000 bu. Firm export bids were reported on the basis of 400,000 bu. over December prices at Baltimore. Kansas City said soft bids were raised to 50 over December prices.

Argentine crop news was unfavorable, with claims of 35 per cent decrease in northern sections. One cable stated Argentine wheat had been cut less than 50,000,000 bu. to export next season. Rosario was unchanged to 10 higher, but the Buenos Aires market declined 1/2 to 3/4. Liverpool soft wheat was 1/2 higher. Argentine shipments were large at \$2,500,000 bu. but Australia reported only \$32,000 this week. Primary receipts were 1,500,000 bu. against 2,100,000 bu. a year ago.

Corn Market Is Lower. Corn finished 3/4 to 1/2 lower, with December relatively weaker than May. Many of those who led in the buying the previous session were heavy sellers yesterday, and the market moved support from the shorts. Elevator people sold and best buying was by several of the larger local traders. Ideal weather for maturing corn continued over the week, and numerous reports were received from the earliest haying in the country. Quality is generally reported excellent.

Apparently the export trade is satisfied for the moment and no foreign business was reported yesterday. Cash corn was steady, with a few buyers at 150,000 bu. Kansas City reported strong bids from the seaboard. Liverpool soft corn was 1/2 lower as result of a sharp decline in Argentine freight. Primary receipts were 500,000 bu. against 637,000 bu. a year ago.

Ons Decline Is Moderate. Oats displayed relatively more strength than other grains, but not enough to stem the tide in wheat and corn caused values to slump and the close was 1/4 to 1/2 lower. There was a better class of buying, stimulated by talk that oats are bound to sell near their grain. It is also said that a good part of the oats in store here already have been contracted for, and will move east as quickly as the seaboard is capable of handling them.

Winnipeg oats were strong and higher, and this helped to sustain prices here. Seaboard oats were 1/2 to 3/4 higher, 600 bu. Argentina shipped 1,400,000 bu. this week against 600,000 bu. a year ago. Cash oats were steady to 1/2 higher, with shipping sales 120,000 bu. Primary receipts were 1,301,000 bu. against 870,000 bu. a year ago.

Shorts in Pork Nervous. The provisions trade was featured by attempts at shorts in December pork to cover. This resulted in a sharp advance in the price of this commodity and it closed 50c higher. Other products finished with moderate gains. An advance of 30c in hog prices at the yards and further investment buying of January hogs compared with 100,000 the year ago, and of last week were 640,000 the year ago. Hog receipts at western markets totaled 56,000 head against 42,500 a year ago.

Bye Market Steady. Bye was steady. No. 2 sold at \$1.25 and No. 3 at \$1.15. Receipts were 20 cars.

Barley ruled quiet and unchanged. Malt was quoted \$2.15 and sold \$2.05. Feed and milling quotations, 100,000 bu. with sales at 100,000; screenings quoted, 20,000 bu. and sold 70c; screenings quoted, 100,000 bu. and sold 70c.

Timothy was unchanged. October closed \$2.35 and March \$2.75. Clover seed ruled unchanged, with cash lots quoted \$12.00 to \$13.00.

Duluth flat closed 30c lower. Cash on track: 20,000; December, 20,000; March, 20,000. Minneapolis was 30c lower, with cash on track: 20,000; December, 20,000; March, 20,000.

NEW YORK, Oct. 6.—COPPER—Futures unchanged. 100,000 lb. of copper at 100,000 lb. of copper. 100,000 lb. of copper at 100,000 lb. of copper.

NEW YORK, Oct. 6.—COPPER—Futures unchanged. 100,000 lb. of copper at 100,000 lb. of copper. 100,000 lb. of copper at 100,000 lb. of copper.
